Sponsor & Exhibitor Overview

About Faith & Freedom Coalition

Faith & Freedom Coalition, with over 2.3 million members and activists in all 50 states, is America's largest and most influential organization dedicated to educating and mobilizing people of faith for effective civic action.

In 2018, Faith & Freedom Coalition undertook a data-analytics-driven \$18 million grassroots “ground game” campaign to educate, mobilize and turn out voters of faith. Its volunteers knocked on 2.2 million doors of social conservative voters in 21 key states, made over 11.5 million phone calls, reached 13.4 million voters with educational mail, and passed out 10 million voters guides in over 200,000 churches. FFC also placed over 32 million digital ads on social media platforms, and delivered 28 million emails and peer to peer text messages to encourage Christian voters to go to the polls. Peer to peer messages provided voters with links to nonpartisan voter guides and mapping software that directed voters to polling locations. Led by record turnout of evangelicals, voters of faith provided the margin of victory on a historic night for Republican Senate candidates.

About the Road to Majority Policy Conference

The “Road to Majority” policy conference is one of the premier events for people of faith and conservative activists. In 2020, we expect over 2,000 grassroots activists from across the country to be in attendance. The purpose of the conference is to energize, train, and equip our top activists and chapter leaders on voter registration, voter education, get-out-the-vote, lobbying their legislature, dealing with the media, building a precinct organization, and utilizing social media to mobilize supporters. We want them to leave this conference prepared to bring about a pro-family majority in Washington and in every state capitol.
